Employee Overpayment of Employment Insurance Premiums

Complete this form to calculate any overpayment of employment insurance (EI) premiums paid through employment.

If you have self-employment and other eligible earnings and you entered into an agreement with the Canada Employment Insurance Commission through Service Canada to participate in the EI program for access to EI special benefits, complete Schedule 13 before completing this form.

Do **not** complete this form if you were a resident of Quebec on December 31, 2025, and have to complete Schedule 10 (parts B and C) because you are reporting employment income earned outside Quebec.
